

Art in the City Art Grant 2020

1. Overview

To enhance the Art in the City event (held on Friday, August 7, 2020) and promote the arts in downtown Dayton, the Downtown Dayton Partnership (DDP) is offering an Art in the City Public Art grant. The goals of the grant are to:

- give artists, curators, producers, of any discipline, the opportunity to showcase their talents, services, and creativity in a way that might not otherwise be feasible due to cost restrictions
- foster unique artistic activity
- be experiential in nature, engaging with the community
- enhance Art in the City by providing an additional focal point for the event

The grant will support projects that are larger in scope and will be new, interesting additions to Art in the City; grant funding will not support ongoing or regularly occurring projects or activities. All grant-funded projects, performances, and activities must take place in the downtown Dayton core and embody the Art in the City goals to bring art to the community.
